

# The Islamic Finance Summit

Four Seasons  
Hotel des Bergues,  
Geneva  
September 4th 2007

With the global market for Islamic financial services currently estimated at close to US\$250bn worth of assets with annual growth of some 15%, financial products that comply with the set of shariah laws are evolving from a small niche market into a mainstream business. As well as growing rapidly in Muslim countries, the expansion of Islamic finance is increasingly drawing attention from Western financial institutions.

## Join us on September 4th 2007 in Geneva to:

- Learn how you can tap into the **best business opportunities** in the sector
- Sharpen your understanding of the risks and rewards of Islamic finance
- Evaluate the legal impact on your strategy
- Network with your peers—the heads of **major financial institutions** dealing with Islamic laws
- Return to your company equipped for the coming 12 months in this key marketplace
